President Welcome

Tayabah Mahmood

It is the end of our first year back on campus and what a year it has been! We have worked tirelessly over the last 12 months to bring you, our members, engaging, meaningful and fun activities to support you whilst you're with us. We welcome and celebrate students of all backgrounds and identities and most importantly, we are here to listen to you; the good, the bad, the funny and the sad. Your voice matters and this is something we want to hear at your Students' Union.

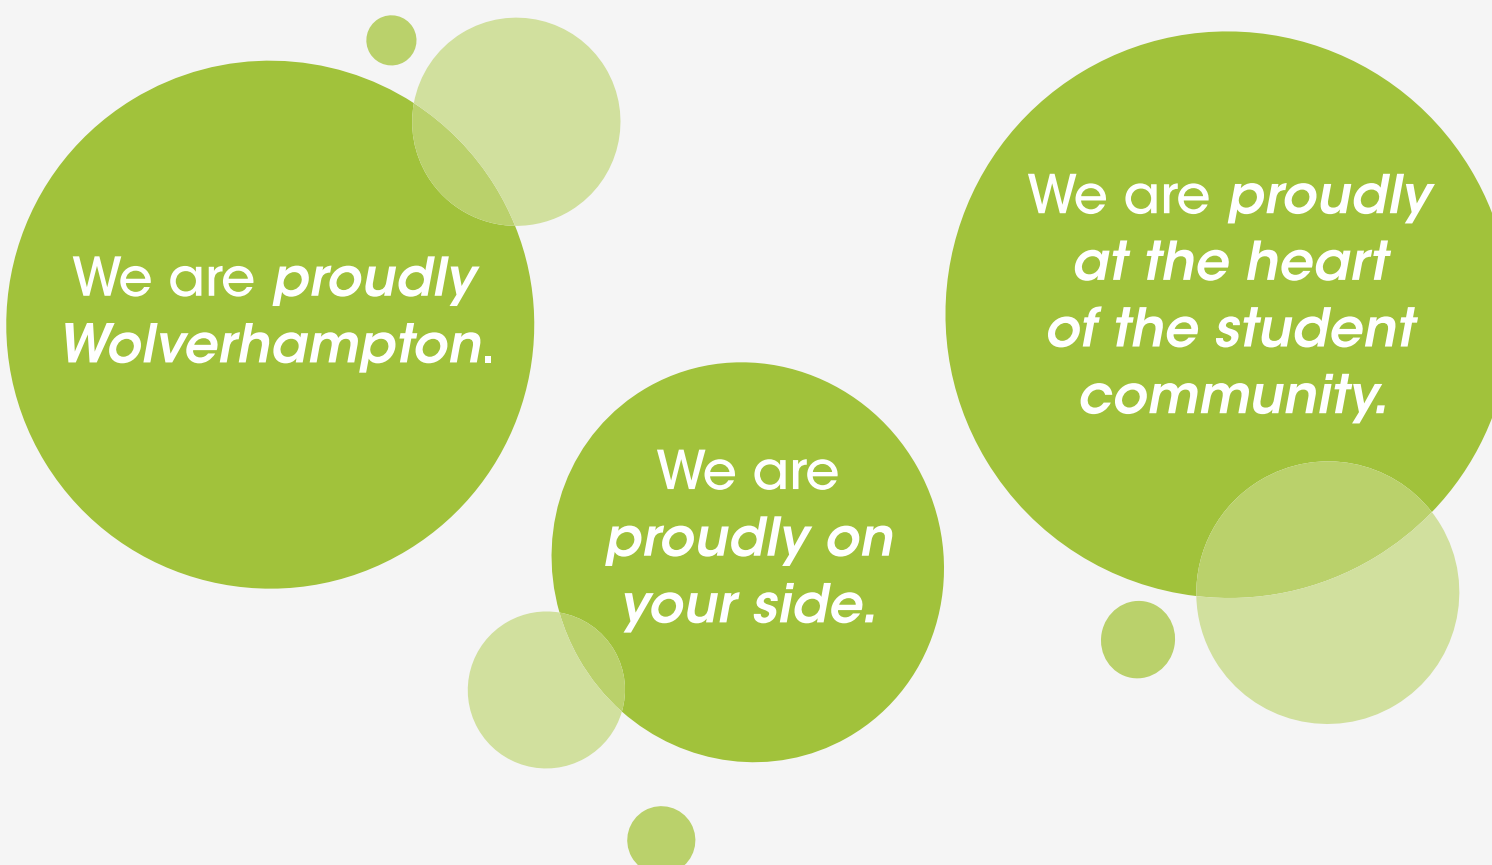

We hope to have several campaigns, projects and events running this year. *We as Officers, share a mutual and enthusiastic long-term vision to support international students;* we plan to host campaigns and events to provide a *welcoming and supportive environment for all students*, celebrating the wonderfully diverse population that we have.

As an Officer team, we are very much aware of the challenges faced by students especially due to the increases in the cost of living. We will be working with you to find simple and practical ways to *support each other*.

Over the past few months, we have made some positive changes to the Students' Union structures so that we can provide *high quality frontline services* for all students. We now have a dedicated team focussed on promoting a sense of belonging and increasing student engagement as well as a marketing team to promote the upcoming events we are planning to host to welcome all students and celebrate the diversity of our university.

Representation of your identification makes your presence speak louder. It is why I chose to speak about my Islamic faith and Multiple Sclerosis last year to encourage and motivate students to speak out about their own identities. I hope my story will help inspire more students to talk openly about their own experiences with each other.

Finally, the whole Officer team, Bisola, Gagandeep, Angel and I would like to wish you a fantastic time as a student here and we hope to see you around.

About Your Students' Union

It's all about students!

Wolves SU is an independent charity, and its sole aim is to put students at the heart of everything we do.

We offer a fully inclusive range of services and activities to make sure your university experience is the best it can be.

Every student is automatically entitled to be a member of the Students' Union.

Membership is free and comes with so many benefits.

This year has been about driving change to deliver our strategic plan.

Our Vision

Proudly Wolverhampton. Inspiring and empowering all students to get the best out of university life.

Our Mission

At the heart of the student community, making student life better, amplifying student voices, providing exciting opportunities and delivering services with impact.

Community

You are a member of our community.

Opportunity

We are a place of opportunity for you now and for the future.

Our Strategic Themes

Wellbeing

We care about you and your wellbeing.

Student Voice

We make sure your voice is heard.

About Your Students' Union

It's all about students!

Our Values

Supportive

We support our students to get the best out of university life. They will have what they need to thrive and flourish.

Brave

We are strong and proactive. We are trusted by students who know we have their back. As a community we change the world around us.

Inclusive

This is our Union, we all feel welcome and part of it. We respect, welcome and celebrate students of diverse backgrounds and identities.

Innovative

We are creative and agile. We should never stand still. We never fear change. We actively seek opportunities that will have a meaningful impact on students' lives.

Sabbatical Officers

The Sabbatical Officers are your representatives, and we invite you to connect with them on any issues, which you feel you need help with. They are based in the Student Union offices and can be reached via:

- uwsupresident@wlv.ac.uk
- uwsuacademic@wlv.ac.uk
- uwsucommunity@wlv.ac.uk
- uwsudiversity@wlv.ac.uk

Priorities for this year are:

- Driving the implementation of the Strategic Plan with a strong focus on Belonging, Identity and Community and Student Voice;
- Embedding the new organisational structures and developing new ways of working to ensure we deliver the very best for our students and maximise our resources;
- Continuing to build a positive mutually beneficial partnership with the University of Wolverhampton
- Developing mutually beneficial external partnerships that add value and innovation.

Spotlight on the Sabbs

Thank you, Goodbye and Hello!

Sabbatical Officers (Sabbs) are elected by the students to represent their interests. They are trustees of the SU and therefore members of our Board as well as holding paid roles to work on behalf of the students.

Between them, they worked hard to *bring about positive changes and improvements to the student experience*. They serve on some of the major University committees, for example, the Board of Governors, Academic Board and Finance and Resources Committee.

They have been instrumental in all of this year's achievements and highlights including the success of the pilot projects, Decolonisation and Liberation Rep projects, campaigns on academic misconduct and improved support for international students.

At the end of the academic year, we said goodbye to Tobi and Lere who had both served the maximum of two years. Tobi is continuing with his postgraduate studies and Lere secured a trainee Project Manager Role in the private sector.

Congratulations!

Oluwatobi Falana

Vice President
Academic
2020-2022

*Thank
You!*

Olalere Bamigbade

Vice President
Community
2020-2022

Spotlight on the Sabbs

Thank you, Goodbye and Hello!

Tayabah and Angel were re-elected in their roles as President and Vice-President and they have been joined by Gagandeep Kaur in the Academic role and Bisola Olatunji in the Community role.

To be the student lead on the development and delivery of Wolves SU democratic structures and procedures. Lead on the relationship the University and Students' Union have to create a fantastic student experience at Wolverhampton.

Tayabah Mahmood
President

Angel Morpew
Vice President
Diversity

To represent the needs of the diverse student communities, with a particular focus on post graduate, international students and other student support groups. To raise the profile and commitment to our diverse student community.

Welcome Aboard!

Co-ordinate the academic representation system and be the student lead on academic representation. Respond to emerging educational/academic needs of our students.

Gagandeep Kaur
Vice President
Academic

Bisola Olatunji
Vice President
Community

Represent the student community on issues such as housing, transport, health, and wellbeing. Encourage and promote the work of all the societies that the Students' Union has to offer.

10 Key Achievements in 2021 - 2022

1,525 students supported through the Advice Centre covering a range of topics from academic misconduct, financial guidance and tuition fees.

168% increase in voter turnout in the SU elections.

68% growth in number of societies.

51% growth in memberships in societies.

3,136 students supported through the School Rep Project.

373 Course Reps recruited and trained to ensure YOUR voice is heard.

Helped students to access **£85,554** of financial support to address hardship.

Reconfigured SU staffing structures in line with the new Strategic Plan.

Two effective and innovative pilot projects, Liberation Rep and Decolonisation Projects co-created and delivered with students.

Advice Centre retained its certification from Advice Quality Standard Agency.

Events & Activities

During & After Covid

Following an extensive period of working from home during the pandemic, the staff arrived back on campus in September 2021 just in time to deliver Freshers. Both staff and students were very excited to be able to have some face-to-face events for the first time in 2 years.

The SU delivered a wide-ranging programme of 40 events between the 19th September and 7th October across the three main campuses, City, Walsall and Telford and for the first time, it included the specialist student-nursing base at Burton Hospital. It included face-to-face events and virtual events such as sports, quizzes, Start Well Days, Meet Your Officers, International Mixers and Society's fair and nightclub events.

As the SU started to gear up to deliver an extensive Re-Freshers program for January 2022 to welcome new students the Covid levels started to increase and sadly, we had to cancel this programme, which was a reminder that the pandemic was still very much with us.

However, by spring things improved and we were able to start to deliver more face-to-face activities, which included wonderful events celebrating diversity, Culture Beats and the Step to Ramadan.

It was good to see our students together connecting with each other and having fun!

Events & Activities

Diwali at the Students' Union

In November, we were also delighted to team up again with *the Sant Zora Singh Lapon Charitable Trust* to *celebrate Diwali* and this time in our own building!

In the previous year at the height of the pandemic, we celebrated in the open air at the University accommodation and we were very lucky with the weather!

The *volunteers from the Charity* cooked the *fresh samosas* and served them at the SU to our students and staff and they disappeared very quickly!

One international student from India who came along told us that he had been feeling home sick and this had "cheered him up"!

He also said they were the best samosas he had tasted in this country!

Praise indeed!

Diwali Celebrations!

Events & Activities

Langar at the Students' Union

In May, the SU worked with *the student led Sikh Society, the British Association of Sikh Students, and a local gurdawara* to host a Langar in the SU venue.

There had been a *long-standing tradition* at this University to do this on an annual basis and this had been much missed during the pandemic.

The event was *very successful* bringing together people from across campus with *over 250 people attending* and it generating a feel good factor.

It was featured on the Sikh news channel!

A Langar is the communal serving of food!

Events & Activities

Canal & River Trust Bulb Planting

The SU teamed up with the Canals and River Trust to do some bulb planting on the canal side in Wolverhampton. A great way to look after the environment and our well-being.

Events & Activities

Love At The SU

In July 2022, two former students who met at the University, hosted their wedding reception in the Students' Union. They had joked that if they got married, they'd like to have the reception at the SU and we couldn't have been more honoured.

Laura Jones and Elizabeth Crampin who were both members of the LGBTQ+ and Anime societies returned to us after graduating in 2015, and completely transformed the social space and The Venue for their reception.

We couldn't be happier for them. Congratulations!

Students' Union Awards

Celebrating our Staff & Students

For the first time in 3 years the SU were able to hold the SU awards in person and it was joyous celebration of success at the Molineux on May 26th. Sponsored by Wolverhampton Business Improvement District (BID), over 100 guests attended and watched on as 19 awards were handed out following 195 nominations.

This year it included two new award categories:

- Placement Provider of the Year
- Outstanding contribution to the student placement experience

These new categories were added as a direct response to student feedback relating to the significance of the work placements on the student experience. For the first time, students can nominate those individuals and placement areas who have had a positive impact on their student journey

Guests were treated to a dazzling performance from two societies, the Bhangra Society and the Glee Club.

"Very well organised and a fun night to spend with colleagues in person. Great work to all who helped to organise."

"A truly enjoyable and pleasurable evening. A fabulous mix of food, entertainment and presenters! A huge credit to all those involved with organising this event"

"The event was amazing."

Students' Union Awards

Celebrating our Staff & Students

"I thought this was a really lovely evening. I was delighted to be nominated and was touched to receive a certificate. I thought the compere for the evening was very funny and the entertainment was a good mix. I want to say a big thank you to everyone involved in this event. From the moment I received the email to gaining student feedback after the event the whole thing was professionally done. Great event!!"

Advice & Representation

Quality Advice Services For All Students

The Advice and Representation Centre (ARC) team has always focused on providing a quality, well informed and easy to access advice service for all students at the University.

In the spring term of 2022, we passed our audit to renew our certification from the Advice Quality Standard Agency, which is a continued recognition of the high standards of service we provide our students.

We have also put more resources into the ARC by employing two new staff members to triage queries and thus ensuring that *students are always able to reach us and can receive advice and guidance quickly*. Furthermore, we have now trained all the ARC staff First Aid for Mental Health reflecting our holistic approach to advice and student support.

In total this academic year, we have managed 1778 cases for 1525 students. We have assisted students with a broad range of queries from appealing university decisions to supporting them with issues such as the cost-of-living crisis.

'Absolutely brilliant my representative was fantastic, supportive and very empathetic. I would highly recommend student union'

'Thank you for your support. Glad to report that the money team were able to help me. And after a bit of chasing up I finally got my claim sorted'

'Extremely supportive and helpful. Gave me nuanced information - very professional.'

Advice & Representation

Quality Advice Services For All Students

We have supported:

878 students:

With cases related to academic concerns. This includes issues such as, students who are appealing decisions made about their progression, students experiencing extenuating circumstances and supporting students facing academic misconduct hearings.

We have also advised on a range of issues relating to mental health and wellbeing such as supporting access to internal and external mental health support, cases of bullying and harassment and student requiring additional disability support.

529 students:

With cases related to financial issues. This includes advising students who are in debt to the university, students in financial hardship and supporting through Student Finance applications.

61 students:

With issues relating to housing and accommodation including rent arrears and disputes relating to housing contracts.

With our triage service covering the ARC front desk, inbox, telephone, and online chat, from 9am-5pm, we have been able to respond to students quickly through a wide range of platforms:

- Email - 42%
- Enquiry Inbox - 36%
- Telephone - 13%
- Drop-ins - 9%

We have achieved significant outcomes for students. Our advisors have helped students to access financial support from the University Hardship funds resulting in a total of (Denis Taylor hardship fund) £85,554.50 of financial support.

This includes:

- Student struggling to pay their fees due to loss of work or extenuating circumstances.
- Emergency funds for students due to delays in student finance, universal credit, and childcare grants.

Societies

Building Belonging & Community

Societies are an important part of the student experience and provide a valuable opportunity to build a sense of belonging and community. Whilst Covid 19 continued to pose challenges in the early part of the year, this has been a significant year of recovery in growth in society, memberships, and active participation.

We have seen some huge events take place, the biggest of these being the Pakistan Society's Winter Ball in November, with 291 attendees at the Badshah Palace for a dinner and dance with live singers.

One of our biggest success stories though is the *WLV Art & Design Society*. They were set up at the start of last year, *recruited 78 members*, and won the *Society of the Year award at the SU Awards!*

62 societies
68% Growth
over the year.

739 members
51% Increase
over the year.

81
Events
held.

The 25 new or reactivated societies included for example. Some of the new societies we have seen introduced; The Herpetological Society (that's lizards, reptiles and amphibians to me and you!) and LAON (Korean-pop dancing).

We are always on the lookout for more though....

WLV Art & Design Society

BSL Café

Gaming Society

LGBTQ+ Society

Next 12 Months

A key priority for the SU is to provide a high-quality training package for all our Society Executives to ensure they have the skills to provide an exciting and engaging experience for all their respective members.

Drive the growth of societies particularly in the Academic and Cultural categories. Also to continue to focus on the quality of experience on offer thus helping to ensure that students enjoy and maximise their student experience.

Student Voice

Ensuring All Students Have Their Voice Heard

Student Voice is one of our key strategic themes and is an area the SU is committed to developing, especially helping to ensure all students no matter who they are can have their voice heard. We want to make sure this information is used to make positives changes to the student experience.

We want to empower students to shape their lives here at Wolverhampton and feel part of its community. One of the strategies to do this sees the SU employ 17 Students to be School Representatives. These are paid roles and they are responsible for working alongside both staff and students to *ensure issues related to the academic side of student life are heard and acted upon.* One of our biggest successes last year was work undertaken by our Business School Rep who successfully worked alongside the University to highlight issues with the degree classifications.

The various lockdowns experienced in the last 12 months have led to students having to get used to more online learning. The transition now to return to on-campus learning is being addressed with engaging activities being facilitated regularly on campus. This has included the return of School Councils taking place in person and chaired by our School Reps.

Reward and recognition remain to be one of our main priorities to ensure that Course Reps receive the awareness and rewards that they deserve after their hard work and contributions to the Student Voice system.

Student Voice in Figures:

- There are 373 Course Reps across the University with 69% having completed their training
- We have 17 paid School Representatives and in total, they have addressed 455 enquiries in total, affecting 3,136 students.
- 23 School Councils took place over this academic year.

Next 12 Months

Student Voice is continuing to develop its services.

This year, there is a focus on:

- Improve the training programme provided to Course and School Reps to empower them with the appropriate tool kit to gather and feedback on student issues.
- Expanding the portfolio of Academic Societies.
- Establishing clear and accessible lines of communication with our student population.

We will continue to work with our students to ensure that environments are created where they feel comfortable to attend and excel at university.

No matter what you have to say, we want to hear it!

Student Change & Democracy

Elections – Make Your Mark

The Make Your Mark elections in March saw 19 students stand for candidates for four Officer positions and the Chair of Student Council.

1,696 students voted – the highest turnout since 2016 and an increase of 168% on the previous year.

The level of enthusiasm and effort from candidates was exceptional, and the huge increase in voters pays testament to their embracing of a return to in-person campaigning.

In alignment with the new strategic plan, this year saw the introduction of a democracy specific role, focusing on streamlining key democratic processes, overseeing elections and encouraging student engagement.

Next 12 Months

A broad review of the SU's democratic structures and activities will be undertaken to ensure that every student can participate and have their influence on the broadest possible range of issues and actions. This includes the reinvigorating Student Council and a review of the motion submission process.

The Liberation Representative roles will now be part of the Student Voice team, allowing the Union to gather further insight into key issues facing student communities across campus.

Make
Your
Mark

Pilot Projects

Belonging & Community

As part of the drive to implement our Strategic Plan we worked in partnership with our students to co-design and deliver two pilot projects, the Liberation Rep project and the Decolonisation Project both promoting a sense of belonging and community.

Liberation Reps

Six student staff were employed on part time contracts over 8 months to engage with hard-to-reach student groups, enter into meaningful dialogues, and gather an evidence base to enable the design and delivery of student-led community initiatives.

The project comprised:

- Disabled Students Lib Rep
- BIPOC (Black Indigenous people of Colour) Lib Rep
- International Students Lib Rep
- Mature Students Lib Rep
- Gender Equality Lib Rep
- LGBTQ+

They engaged with 282 students and delivered 24 community events including a fabulous evening event called "Culture Beats" bringing student communities together. They gathered valuable insight relating to the student experience including issues around discrimination, isolation and mental health, which supported the University to address these challenges.

They also presented their findings to the University's Inclusivity Conference as well as a number of University Committees as well as participating in Inclusivity podcasts.

The project in a short time secured a number of wins including:

- University Attendance Policy: reviewed and subsequently revised to better support the needs of Disabled Students and to respect mental health challenges.
- Preferred Pronouns & Names: Added to the University's eVision

The project has now been embedded into the Student Voice Team and this will further strengthen student engagement and build student communities.

Pilot Projects

Belonging & Community

Decolonisation Pilot Project – phase one

The pilot project provided four student Decolonise Advocates the opportunity to engage in an empowered dialogue with their fellow students to bring about positive change and promote inclusivity in their educational experience. The Decolonise Advocates provided insight into the liberation of oppressive structures in education, the expansion of content, teaching, learning, pedagogy and practice.

The students were employed by the SU on part time contracts over a 5-month period. They focussed on three target Departments – History, Sociology and Social Policy.

The Advocates engaged with 52 students and 9 academic and identified key themes including:

- Creation of Safe Spaces, Support Systems for Staff & Students
- Diversity of Perspectives – Curriculum, Reading Lists, and Lecturers
- Celebrating Success

They presented their findings to the University's Inclusivity Conference in June. The SU is currently exploring funding in order to continue this valuable project into the second phase, which would involve more student advocates working across a greater number of academic departments.

“So many opportunities during my studies helped shape me into the person I am today.”

Zoe Harrison, former Students' Union president

Walsall Lounge

SU Lounge

Walsall Lounge employs a number of student staff from Walsall campus to deliver a wide range of activities throughout the year to provide a place of relaxation, fun and a sense of community.

Following the return to campus after the lockdown, they organised and delivered many events and activities throughout the year including:

- Weekly Tuesday Quizzes which were incredibly popular with the students, offering a wide range of prizes such as amazon gift cards, chocolates plus themed gifts for our themed quizzes
- Weekly Thursday Pool and FIFA tournament which were free to join and involved weekly prizes
- Introduction of a popular new menu including Nachos and different types of milkshakes in response to student feedback
- End of Term and end of year parties which included live bands

However, Covid did still have some impact on our activities such as the Halloween and Christmas Parties, which had to be cancelled due to the rise in cases. Nevertheless, SU Lounge finished the year on a high.

Walsall campus hosted the Welsh support team during the Commonwealth games. The SU Lounge had the very exciting opportunity to provide a program of entertainment to the team throughout their stay. Welsh flags were flying high!

Graduations 2021 / 2022

Double Celebrations!

Due to the pandemic, no graduations took place in 2021 so there was increased sense of anticipation in 2022 when the class of 2021 finally got the chance to celebrate their achievements.

Graduations take place in the splendid Grand Theatre in the City and for the class of 2021 this was during the heat wave in July! Graduations for the 2022 class took place in September including on some very rainy days- very much reflecting the extremities of the British weather!

It is a long-standing tradition for a Sabbatical Officer to take part in the procession and deliver a speech and this year because of the increased number of graduation ceremonies, we opened up this opportunity to a wider number of SU student staff.

Speaking at a graduation ceremony in front of hundreds of students and their families is an honour and a privilege but it can also be very daunting so we were thrilled when so many of our student staff jumped at this wonderful opportunity.

They closed the graduation ceremonies with inspiring speeches that genuinely lifted the audience. *They all did themselves and the SU proud! Thank you!*

One of the student staff,
Kerensa Hodge
Wrote her own poem Titled:
You've Done It!

You've done it.
Through pains of self-denials.
Your journey to succeed connected with reality.

You've done it.
Against unforeseen barriers that came into force.
Circumstances beyond your control,
encircled to make you slide.
Yet despite the challenges that were before us we still persevered.

Aims firmly in place
Continued until goal completion.
Achieved success much to everyone's delight.

You've done it.
Through sheer determination held up with substance of strength.
You established criteria for most beyond expectations.
And now this journey has proved worthwhile.

Willpower high.
A sense of "Never to give up".
Didn't allow fatigue of mind to diminish ambitious strides.

You've done it.
Performed tasks without prejudice.
Testimony of courage, purpose and commitments.
Loyal to self-examination.
Perseverance overtook and won.
Strength of mind, personality matured,
It was worth the sacrifice.

Christopher Gettins
School Rep

Carrie Calvin
School Rep

Graduations 2021 / 2022

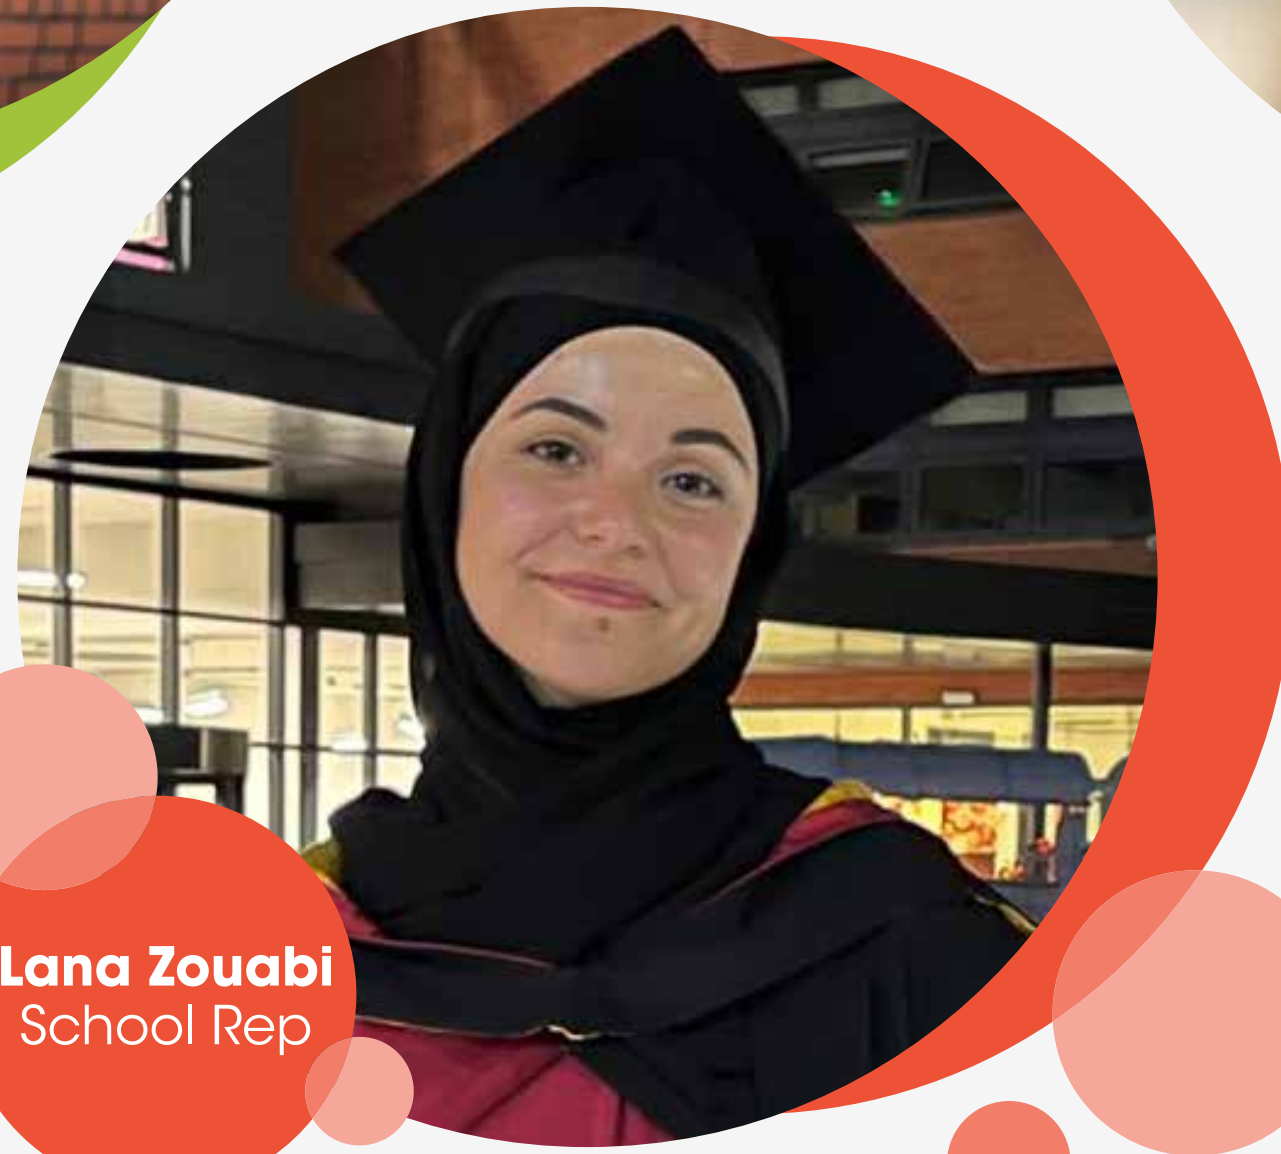

Double Celebrations!

Angel Morphey
Vice President Diversity

Aimée Hankey
Student Staff Graphic Designer

Lana Zouabi
School Rep

One of our own student staff Graphic Designers Aimée, won the 'Cross Prize: for innovative use of materials in Graphic Design' at her graduation for the class of 2021.

She has now finished her Masters Degree in Digital & Visual Communications, having won the 'Deans Prize award for student excellence' at her MA Degree show at Wolverhampton Art Gallery. *Well Done!*

Aimée has been working for the SU for two years, she's been doing a great job in assisting us with all our design and marketing needs, including the work on last years impact report, and this one!

Financial Statement

Lets Talk About Money

As in the previous year, the SU received a block grant of £1,000,000 but with a 1.5% cost of living increase, from the University bringing it to £1,015,000. The SU had made the case to the University for an increase in the block grant to help deliver the Strategic Plan but the University were unable to commit to this due to their own financial challenges.

The SU very much focused on continuing to extract the best possible value from its existing resources and deliver innovation wherever possible.

For example:

- We created and delivered two new innovative and effective pilot projects at a cost of £11,396 as part of implementing the new Strategic Plan, particularly in creating a sense of belonging and owning.
- Four student staff helped to complete phase one on the Decolonisation project.
- Six student staff helped to complete the Liberation project.
- Hours spent on the projects totalling 1,245 hours.

Despite the ongoing impact of the pandemic, we continued to deliver positive impact and engage with our members. ***This year we spent £16,353 on the September Fresher's programme and wider engagement activities.*** However, the effects of the pandemic are still visible from a Trading activity income perspective, which includes; the Lounge at Walsall and advertising during Freshers.

One of the SU's strategic themes is to promote well-being and we have therefore invested in increasing the skills and confidence of staff in mental health and well-being. ***We invested £3,500 into SU staff for Mental Health First Aid training, which has been very well received.***

Another major achievement was the use of the Walsall campus, as the home for the Welsh Commonwealth team. The SU lounge was opened up to provide entertainment and a relaxing environment throughout the Games. This helped to drive up sales for the year at a time when the lounge is normally closed. This was a huge success for the Students' Union as it displayed the potential of the Lounge at Walsall and gave us confidence for delivering future events. ***We received positive publicity locally.***

Hardship remains a key concern for some of our students and this year we received funding of £1,500 from Santander to support our students facing hardship. The SU added to this fund and distributed £50 shopping vouchers to the value of £1,650 to 33 students in extreme need.

We employed part-time student staff during the year who worked across all areas of the organisation including:

- Student Voice
- Marketing
- Administration & HR
- The Lounge.

This year we saw an increase in student staff activity to:

- 54 student staff
- Working a total of 11,494 hours
- Paid a total of £114,924.

This represents an increase of 16% on hours and amount spent on student staff.

Our total income this year was £1,086,554 with 93.4% of the Students' Union's total income coming from the University Block Grant. 4.9% of the total income was Trading Activity Income.

Our total Expenditure in the year was £1,063,172.
