

VP COMMUNITY & WELFARE

Building connection, belonging, and a better student life for all

University is about more than lectures and deadlines — it's about finding your people, your place, and your purpose. As Vice President Community, you'll help make Wolverhampton a home for every student by leading on everything that brings us together — from wellbeing and social life to accommodation, transport, sustainability, and local engagement.

This full-time, paid sabbatical role is all about strengthening the student community — on every campus and in the wider city. You'll work to make sure students feel supported, connected and proud to be part of the Wolverhampton family.

What You'll Be Doing

You'll be at the heart of student life, working on things that directly shape the experience of thousands of students. You might be:

- Working with the University and local partners to make housing, transport and student safety better.
- Planning campaigns around wellbeing, cost-of-living, sustainability, or community engagement.
- Supporting student groups, societies and volunteers to run events and build connections.
- Meeting with local councillors or community organisations to make sure students have a positive voice in the wider area.
- Helping individual students who are facing housing or welfare issues.
- Bringing energy to campus spaces — helping make the SU a fun, welcoming place where students love to hang out.

You'll also represent students in key University meetings, ensuring that the student experience — both inside and outside the classroom — stays front and centre in decision-making.

Why You'll Love It

If you enjoy getting involved, bringing people together and improving the world around you, this is the role for you. You'll:

- Make a visible difference: From safer housing to greener campuses, you'll lead real change students can see and feel.
- Build your leadership skills: Learn to plan campaigns, collaborate, and speak up for what matters.
- Connect with people: Meet students from every background, and work with staff and local organisations.
- Shape your Students' Union: As one of the Union's Trustees, you'll help steer its future and make sure it reflects the community it serves.
- Have fun while doing it: You'll be at the centre of events, projects and partnerships that make campus life vibrant and inclusive.
-

If you're someone who loves helping others feel at home, who wants to make student life more connected, sustainable and supportive — then becoming Vice President Community is your chance to make it happen.
